

Faith Summary

The human family is in a weakened condition, and it is inclined to do wrong because of Original Sin. However, God gave us a Savior, Jesus, who helps us heal our relationship with God.

Words I Learned

human condition

Ways of Being Like Jesus

Jesus showed he loved and cared for people who were poor and sick, or shunned by society. *Comfort those who are excluded from a group or who are being treated unfairly.*

Prayer

Jesus, thank you for being my Savior and bringing me to the Father. Give me the wisdom and courage to know how to help others, particularly those who are being treated unfairly.

With My Family

Activity Think of a community action that your family can perform. You could visit an elderly neighbor, take food to a local food pantry, or collect clothing for a charity. Make a plan and follow through with it together.

Faith on the Go Ask one another: *If you could solve one problem in the world today, what would it be? How would you do it?*

Family Prayer *Loving God, you are so patient with us, even when we struggle. Help us always to be kind and to treat one another fairly.*
